

Rhythm BOGGLE

A fun game piece that you can use for multiple activities!

- Game of Boggle: Teacher and Student play against each other and both write out as many 4 beat rhythms as they can in 2 minutes (go diagonal too!). Then compare findings and cross off any patterns that both found. Whoever has the most patterns left uncrossed wins!

- Word Search: Use as a rhythm word search. How many 4 or 3 beats can you find? Use a highlighter to trace the pattern
